

CLARIFICATION NOTE: DATA COLLECTION METHODOLOGY

Regarding Student Academic Location & Remote Primary Data Procurement

Student Name:	Shudhanshu Kumar Yadav
Roll Number:	23F1000204
Academic Status:	Dual Degree Student (Physically Located in Andhra Pradesh)
Project Title:	Sales Trend and Inventory Optimization Analysis of Anand Pharma
Target Organization:	M/s. Anand Pharma, Donar, Darbhanga, Bihar (GSTIN: 10AEY3656A1Z4)

To The BDM Project Evaluation Team / Course Instructors,

I am submitting this formal clarification note regarding my current physical academic location and the primary data collection methodology used for my BDM Capstone Project on Anand Pharma, Darbhanga.

1. Dual Degree Academic Enrollment & Physical Location:

I am currently pursuing a Dual Degree program alongside the IIT Madras Online BS Degree. Due to mandatory on-campus residential requirements and physical laboratory coursework for my other degree, I am currently physically based in Andhra Pradesh.

2. Remote & Online Primary Data Collection Model:

Although Anand Pharma is located in Donar, Darbhanga, Bihar, I established continuous contact with the store proprietor, Mr. Krishan Mohan Yadav. To collect authentic primary data without disrupting store operations or my academic schedule, all data gathering was executed remotely via digital channels:

- * Regular telephonic & video discussions with Mr. Krishan Mohan Yadav to understand operational workflows.
- * Digitization of physical Tax Invoices, Purchase Vouchers, and Stock Records shared via scanned PDFs & images over WhatsApp.
- * Periodic verification of sales entries, wholesale rates, and closing stock balances through direct voice/video follow-ups.

3. Owner Consent & Proof of Originality:

Mr. Krishan Mohan Yadav was fully aware of my dual degree status and remote working arrangement. He explicitly authorized the use of Anand Pharma's business records for this academic study, provided store photographs, signed the authorization letter, and participated in the recorded video interaction for project verification.

I confirm that all data compiled in the dataset and analyzed in the report represents genuine primary information collected directly from Anand Pharma through this remote collaborative approach.

Sincerely,

Shudhanshu Kumar Yadav
